Congratulations Seniors for your presentation of this 1968 yearbook to the students, faculty and friends of Norwich High.

This book represents all the personnel and activities of this school year. At some time in the future, you will cherish this yearbook with many fond memories of your school activities and associations with many friends.

It is the hope of all that have had the privilege of knowing you in your school years that you will set your standards high and strive to keep them there. In this beginning age of space, students will have to think more clearly and wisely than those who have preceded you. It is with the coming generations that the hope for sanity and everlasting peace will be achieved. Keep faith in God and in your fellow man for there is no hope in any other.

I know that the underclassmen will appreciate this book in the memory of this 1968 graduating class. We all wish you the best in everything you set forth to do.
